

Medical Information Request  
Panther Summer Sports Camp  
(For use by camp medical staff only)

Dear Parents:

It is extremely important that our camp staff know about any allergies, medications and/or physical limitations that your child may have. We will provide the safest environment for each camper, but due to the physical nature of soccer our counselors need to be educated as to each camper's special needs in case of an emergency. In the space provided please give any pertinent information about your child's health. All information will be kept confidential and will only be seen by the camp director and camp medical staff.
